Election/Restriction

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-38, drawn to an apparatus and a system for supporting a tool, classified in class 248, subclass 121.
- II. Claims 39-43, drawn to a method for supporting a tool, classified in class 248, subclass 176.1.

The inventions are distinct, each from the other because of the following reasons:

Inventions II and I are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the process for using the product can be used for supporting a microphone, a camera, or a mirror.
